THE DEATH PENALTY.
A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have, paid the death penalty. It is wise to have Bucklen's Aroclor Salve ever handy. A SAD DEATH.

Mrs. J. R. T. Major Has Passed Into the Great Beyond.

Not many months ago there was announced through the columns of The Advocate the marriage of Professor J. R. T. Major, superintendent of the Graded Schools, to Miss Quennie Riley. Today it becomes our sad duty to record the death of Mrs. Major. While it had been known for some time that her condition was a very critical one, yet when it became known that she had departed this life the whole community was shocked. Dead! And only twenty-three years old! It is indeed sad to see one young and beautiful cut off in the morning time of a promising life. It is indeed sad to be told a young husband, bereft of the wife of his bosom; to look upon an infant deprived of a mother's counsel, and example, and life! It is indeed sad to view a sorrowing mother and father as they give back to earth the remains of one whom they had expected to cheer and comfort their old age! But so it often happens in the affairs of men.

On the night of August 17th death came to Mrs. Major while resting under her father's roof and quietly and calmly she fell asleep.

"Like one who wraps the drapery of his couch
About him, and he down to pleasant dreams."

She lies now by the side of her beautiful sister, Mrs. Mathison, in the cemetery of Concord Church, where she was laid to rest by her pastor, Rev. E. T. Hedges, of the Methodist Church; and the large concourse of sorrowing friends that followed her remains to their last resting place evinced the high esteem in which she was held by all who knew her.

Mrs. Major is survived by her husband, her infant child, only a few weeks old, and little Sidney Riley, who at the age of four or five is left to face life without a mother's help. Besides these she leaves a father and mother, Mr. and Mrs. Henry A. Spann, and several brothers and sisters. All of these have the heartfelt sympathy of the entire community.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this is a fact. For sale by Timmons Bros. and Crosson Drug Co.

Baxter and Hulon Dots.

We have had several heavy rains and storms during the past week. The hail storm did not reach us, but visited some of our neighbors and did damage.

Your scribe has been down in the Hollow Creek section the past week putting up stump pullers and visiting the old homestead. The good people of that section report the finest crops in the past 20 years.

Mr. Editor, the sand hill section is attracting the eye of the land buyer. Mr. T. B. Quattlebaum has sold his place near here to Mr. Frank Price, of Hollow Creek, who will move in our midst at once and be one of us. Others are looking this way with a view of settling among us.

Hulon Sunday School scored the largest attendance of the year last Sunday. Several new members enrolled. Mr. C. B. Kneese, Miss Ruth Adams and Mrs. Ester Davis were appointed librarians for the present year.

Our free school is without a teacher. Hope some one will serve us. We want one who doesn't use tobacco and whose mind is free from baseball.

The days of the candidate are numbered and some will soon pass off the stage. Let us remember the day, and in writing our tickets place the names of clean men thereon—men who will be in favor of honest laws; who will have no pets, but only one object in view—the upbuilding of our country and rendering to God the things that belong to him. Remember the free bridge will be voted for, yes or NO. Make up your mind before you go to the polls.

A Warning to Mothers.
Too much care can not be taken with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute but give the old-fashioned castor oil; and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by Timmons Bros. and Crosson Drug Co.

Struck With Paralysis.

Mr. R. C. Coleman, a merchant at Coleman's X-Roads, Saluda county, on last Saturday suffered a stroke of paralysis. His condition is critical.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. O. B. Timmer, a prominent druggist of Johnson, Mo., in a circular to his customers says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation and are sold by Timmons Bros. and Crosson Drug Co."

Watts, of Salem, "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well."
